Have You Heard?

Four Seasons and Poplar Creek Marina have teamed up! As a result, select from the combined product lines — all from both convenient locations on Lake Gaston: Dockside at Eaton's Ferry Bridge and Poplar Creek Bridge.

As an authorized full-service dealership, we are proud to bring California-based Duffy Electric Boats to Lake Gaston and the region.

Enjoy a scenic, lake cruise with **no loud motors, no smelly fumes**. Get up close and personal with nature and wildlife. Breathe the **fresh air**, listen to music, the laughter of your family and friends relaxing and having fun! **Plus enjoy the substantially reduced cost of ownership with NO GAS, minimal maintenance, and lifetime warranties on the power system!**

BUT...if you aren't ready for a Duffy or electric cruising — no problem. We can assist you with multi-purpose, gas-powered boats that cover all of your boating needs: pleasure cruising, fishing, and water sports. Plus we have great water toys!

Duffy

The First and Finest in
Electric Boats Since 1970™

Duffy boats are definitely about the journey and elegantly designed for one purpose: the ultimate pleasure cruising experience in comfort and style — for entertaining, family time, or just plain solitude — even in winter!

TRITON BOATS

Summit Pontoons by Triton set a new standard in luxury. They utilize the finest materials and state-of-the-art construction methods for enduring quality, and feature the pontoon industry's most luxurious and well-appointed interiors — with highest marks for reliability. Plus you can get Summit pontoons especially designed for fishing or a combination of fishing and skiing.

Canada-based Future Beach is a superbly designed family of non-motorized personal water craft.

- ✓ Self-bailing, stable, rugged and feature rich
- ✓ Roto-molded polyethylene plastic in one single, seamless hull — eliminates leaks, increases buoyancy, and resists damage
